Work Experience

Cognizant Full Stack Developer – Atlanta GA November 2019 – April 2020

- Created Documentation for existing flows and features I developed
- Proposed and developed Node tasks to test mail templates
- Work with backend code handling notifications
- Updated code with deprecated dependencies
- Set up local test and development ready environments
- Quickly learned new technologies necessary to the project
- Worked closely with an agile team to identify potential improvements and bugs
- Assisted other teams with issues related to mailing vendors and their APIs
- Worked with teams to produce ideas and robust POCs from the ground up
- Designed applications and created wireframes
- Created modern, responsive front ends with current technology

Action Link Computer Sales Representative – Marietta GA August 2019 – September 2019

- Educated customers and Walmart associates on computer products and related technologies

Jo-Ann Fabrics Sewing Studio Team Lead – Kennesaw GA February 2018 – January 2019
(Team Member from April 2016 – February 2018 in Alpharetta GA)

- Led a sales team to meet and exceed demanding sales goals
- Built and implemented web app to keep inventory records and access machine information

Walt Disney World Resorts Costume Sewing Specialist – Orlando FL May 2017 – July 2017

- Identified defects and made major and minor repairs/alterations to costumes using industrial machines

Personal Throws/Sainetcom Graphic Artist – Alpharetta GA October 2016 – May 2017

- Created print-ready art files for dye sublimation onto soft good products
- Developed new products and graphics with a creative team

Viking Sewing Gallery Team Member – Alpharetta GA May 2015 – March 2016

- Taught classes in sewing, embroidery, and serger sewing on the entire Viking and Singer lines
